Nightmare Factory: Adjust Background.
Hey, Jennifer, Jessica— whatever, you like games, right?

You lil' blond Salmon.
What the hell is this itchy outfit you're shoving me in???

Oh my Acionna*, you're a girl all this time?
Weren't you just male 2 seconds ago? What gender are you even?
*Acionna = a water goddess.
None of your business. That's what.
Did the background just alter? Nah, probably just my imagination.

How trivial. Shred the attire all you want.
It will automatically return.
If I must see you across the table, at least look decent.

You mentioned a game...
Does this game involve you signing the contract and me whooping your butts?
No.
Oof Interest went bye-bye.

Do you toke me for o fool? You've been purposefully pissing me off the moment I entered this ploce.

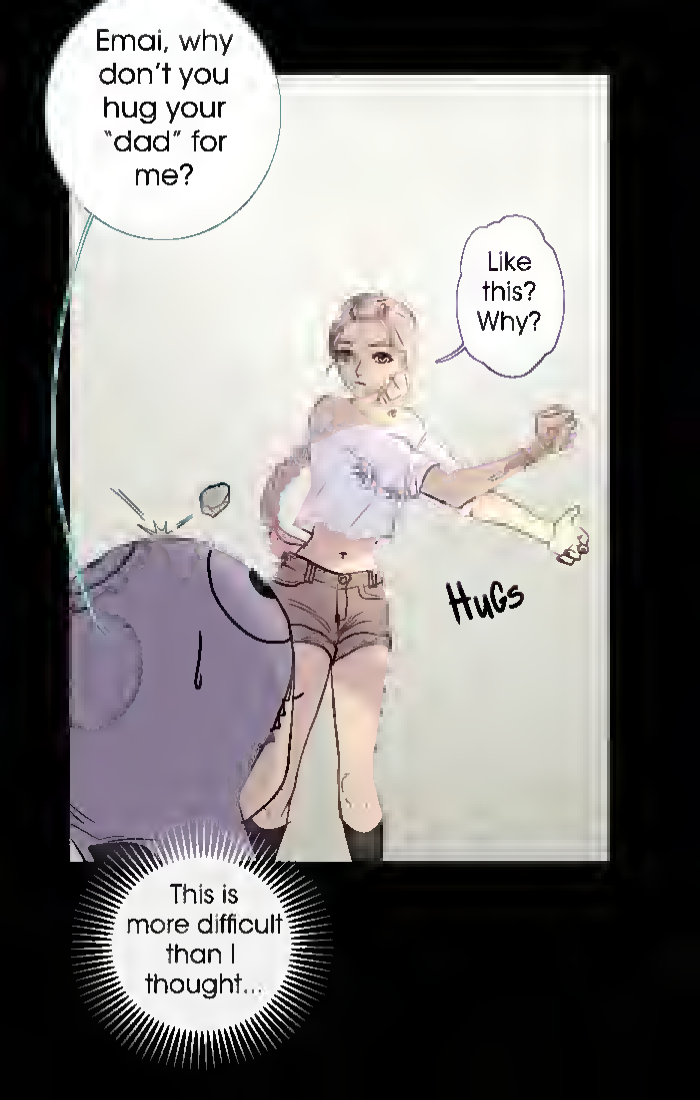
Hi dad! Before you flip out, this is Kreyul.
I was abducted into some 24-hour game called Nightmare Factory...
#BOSSY
Kreyul rescued me. That's why I'm home super late. Details later.

...Damn.
Someone
squats.

Anyways, Who are you talking to, Emai?
What do you mean? My dad is standing right there.
You're pointing at an empty doorway.

Is he a spirit ?
No, I would be able to see spirits.
I didn't even hear anyone coming up the stairs.
Is she a schizophrenic? How do I prove to her that he doesn't exist?



Emai, why don't you hug your "dad" for me?
Like this? Why?
HuGs
This is more difficult than I thought...
